

Coated Matte Paper

Product	Description
DMPG98	Economical, lightweight coated matte paper compatible with most ink jet printers. Basis Weight: 98 gsm
Firenze 130	Economical, heavyweight coated matte paper compatible with most ink jet printers. Basis Weight: 130 gsm
Firenze 170 PSA (DMPG170PSA)	A one-side-imageable poster paper with a permanent pressure-sensitive adhesive (PSA) and a release liner. It is ideal for posters and POP displays and can be used with the newer ink systems equipped with both dye-based and pigmented ink sets. Basis Weight: 170 gsm
Firenze 170 by Magicl�e® (DMPG170)	Economical, heavyweight coated matte paper compatible with most ink jet printers. Basis Weight: 170 gsm
GFIOP140PSA	GFIOP140PSA is an indoor/outdoor durable adhesive backed paper designed to meet the demands of high production Solvent Ink Jet systems. This latex-saturated, wet strength paper features a smooth surface which offers exceptional print fidelity with a distinctive lustre finish. Strength, flexibility and durability are hallmark traits of GFIOP140PSA. The permanent pressure-sensitive adhesive makes it easy to quickly produce and mount graphics and signs for short-term indoor/outdoor applications. Caliper: 6 mil
GFIOP140 Solvent	Latex-saturated, wet-strength paper for indoor banners, outdoor posters and wallcoverings. Caliper: 6 mil
GFIOP212 EMB-Solvent	Magic® GFIOP212EMB is an embossed version of GFIOP212. The embossed pattern provides a texture to the paper's finishes that enhances its appearance in wallcovering and mural applications. This one-side coated paper designed for high production solvent and eco-solvent* ink jet printers. This latex-saturated, wet strength paper features exceptional print fidelity with a distinctive luster finish. Strength, flexibility and durability are hallmark traits of GFIOP. It resists cracking when folded, and film lamination is

	not required in most intended applications. Product passes Class A flame spread tests (ASTM E-84) as manufactured.
GFIOP212 Solvent	Latex-saturated, wet-strength paper for indoor banners, outdoor posters and wallcoverings. Caliper: 9.9 mil
GFTRP Solvent	A tear-resistant, one-side coated paper designed to meet the demands of high production piezo printing systems. Caliper: 9.7 mil
JSB24	COATED PAPER This premium 24# coated ink jet paper is ideal for high-quality engineering plots and full-color applications.
JSO24	COATED PAPER Coated 24# ink jet paper designed for use in CAD and full-color plots. This bright, white paper offers the broadest range of attainable colors. Excellent for color output on most CAD ink jet printer systems.
JSO24-HR	COATED PAPER Coated 24# ink jet paper specifically designed for high-resolution mapping, technical drawings, and other fine line applications. This unique coating works especially well in Hewlett-Packard printers
Mural Pro	Mural Pro by Magiclée® is a latex-based ink jet wallcovering media for residential, hospitality, commercial, and retail design. Mural-Pro(TM) is an economical alternative to adhesive vinyl for in-store environmental graphics. Mural-Pro results in similar print and posting performance as DMiBOP without the added costs of having nylon reinforcement. The universal coating provides a wide range of printer compatibility across thermal and piezo printer systems. Caliper: 12 mil
Mural Pro Solvent	Mural Pro by Magiclée® is a latex-based ink jet wallcovering media for residential, hospitality, commercial, and retail design. Mural-Pro(TM) is an economical alternative to adhesive vinyl for in-store environmental graphics. Mural-Pro results in similar print and posting performance as DMiBOP without the added costs of having nylon reinforcement. The

	universal coating provides a wide range of printer compatibility across thermal and piezo printer systems. Caliper: 12 mil
