Available in cut sheets and rolls, standard sizes available

DPD-3 – 3mil Double Matte Drafting Film

Available in cut sheets and rolls, standard sizes available

Chart Pak

This 1.5 mil, matte finish, polyester film helps save time when any application needs to be drafted or drawn multiple times. The matte surface gives top-quality images using copiers, laser printers, computer printers, typewriters, pencil or ink. Ideal for diazo reproduction. Will not yellow with age. Use with copiers and printers.
