

### GFIOp212 EMB

Magic® GFIOp212EMB is an embossed version of GFIOp212. The embossed pattern provides a texture to the paper's finish that enhances its appearance in wallcovering and mural applications. This one-side coated paper designed for high production solvent and eco-solvent\* ink jet printers. This latex-saturated, wet strength paper features exceptional print fidelity with a distinctive luster finish. Strength, flexibility and durability are hallmark traits of GFIOp. It resists cracking when folded, and film lamination is not required in most intended applications. Product passes Class A flame spread tests (ASTM E-84) as manufactured.
